**Registration Starts 8:30 AM---First Presenter At 9:30 AM**

*--over--*

This year's Joint Forum is honored with five presenters, three individual speakers and a dual team. **'Tom' Uram**, coming from Pennsylvania, will give an informative program about Morse Codes on coins. His presentation was shared at the July 2024 Royal Canadian Numismatic Association (RCNA) Convention. **'Bill' O'Brien**, flying in from Ontario, Canada, will share his passion for Canadian paper money with geographical and pictorial scenes, as he describes "not a stuffy presentation on banknotes but scenes and vignettes" of the "Great White North." **'Pat' Carpenter**, active with the Sacramento Valley Coin Club, will talk about Fractional Currency. His energy and enthusiasm will be evident in his program, having a 'love affair' with Fractional paper money and our hobby, and the dual team of noted researchers and authors, **'Jeff' Shevlin and 'Bill' Hyder**, will team to share their dedicated years of study and writing to enhance anyone's collecting and fellowship among hobbyists, along with "building community" among hobbyists.

Along with these five presenters, a simple on-site lunch service would be available, other eateries are within short walking distance, the entire Museum is open to attendees, the California State Numismatic Association (CSNA) Library would be open for review, free hobby literature, something for youth also, and the chance to meet and to mingle with fellow hobbyists.

**'Tom' Uram** and **'Bill' O'Brien** would enjoy sharing with respective members of the American Numismatic Association (ANA) and the Royal Canadian Numismatic Association (RCNA). This is a rare opportunity that the two current ANA and RCNA Presidents would be together, sharing 'the world of money' hobby.

Registration would begin at 8:30 AM. Two presentations in the morning hours, and after lunch, the remaining presentations. This is a **FREE** event.

**Fred G. van den Haak**, of Belmont, California, would be the Moderator. **Michael S. Turrini** is the Joint Forum's Coordinator, and the Joint Forum would be videoed/recorded.
